Fort Lauderdale Executive Airport

Most Convenient Airport To Land Your Business

Sheltair has developed, constructed and currently manages approximately one million square feet (over 60%) of all hangars and airside commercial office space at one of the busiest general aviation airports in the United States. With the convenience of being centrally located in the heart of South Florida, our FXE properties offer great opportunities for you to land your business and/or aircraft with us! Our supportive leasing staff can offer you a wide variety of options to choose from in order to meet your specific needs.
